Meet your designer- Stacie Gombert

Stacie is our We Plan, You Plant designer and brings over 10 years of experience transforming landscapes for happy clients. She holds a BA from the University of Kansas, an Associate's Degree in Horticulture, and a Landscape Design Certificate from the Garden School in London. A truly talented designer with a passion for thoughtful, beautiful outdoor spaces, Stacie is excited to meet with you and get your project underway.

Click the link to fill out the contact form **Form Link Click Here**, so that Stacie can send you a calendar link with dates to meet here at FarWest Garden Center.

I'm excited to help you get started on your landscape project! To make sure we maximize our time together and create a plan that works perfectly for your space, please gather the following items for our meeting:

- Photos & Video: Take clear photos of the area from several angles (including looking out from your windows). A quick 30-second "walk-through" video on your phone is also incredibly helpful for me to see how the spaces connect.

- Rough Measurements: A basic "birds-eye view" sketch with the length and width of your planting beds (not to exceed 200 sq ft). Please also note the location of any "fixed" items like faucet heads, AC units, or large existing trees or shrubs.

- Sun Exposure: Note how many hours of direct sunlight the area gets. Does it get hot afternoon sun (West) or gentler morning light (East)?

- The "Problem List": Think about your biggest hurdles—are you looking for privacy from a neighbor, covering a bare foundation, or replacing plants that keep dying.

- Inspiration: If you have a few photos of yards or specific plants you love (or a Pinterest board), please have those ready to show me**!**

FarWest 208-853-4000

Hours: Monday-Saturday 9am to 5pm, Sunday 10am to 5pm
