

- Thank you for your purchase of a Redbud Tree!

- New plants require weekly watering until November
- 1.5 - 2” of mulch will help keep the ground moist around your plant
- Redbud Trees are native to our area and very hardy
- Redbuds prefer full sun especially if you have purchased a purple leaf variety, but will take part sun
- Redbud Trees are smaller trees and can be pruned in the fall to help keep their shape and to remove any dead branches
- Fertilize your Redbud in early spring with Tree Tone for the best performance
- Remember to water your Redbud in mid-summer when the weather gets dry.
- Redbud Trees can live 50-70 years so with proper care you will enjoy your investment for years to come
- Please call the Garden Center if you have any questions about your plant
