

Thank you for your purchase of a Knockout Rose!

Tips on how to care for your new garden plant:

- New plants require weekly watering until November
- 1.5 - 2” of mulch will help keep the ground moist around your plants
- Knock Out Roses need at least 6 hours of sun to they thrive and bloom well
- Knock Out Roses come in red and pink in single and double flowers, and yellow and white in single flowers
- Knock Out Roses should be pruned back to 1 foot high every spring in early March and they will grow into 3-4 foot bushes and bloom up until frost
- Fertilize with Rose Tone fertilizer in early spring for the best performance to prevent further damage
- Please call the Garden Center if you have any questions about your plant
