

■ **Limelight Prime® Hydrangea**

(Panicle Hydrangea)

■ Easy-care, long-blooming shrub for Tennessee gardens

■ **Flowers**

- Big cone-shaped blooms
- Start lime-green, turn white, then pink-red in fall
- Great for cut or dried bouquets

■ **Plant Size**

- Grows 4–6 ft tall
- Spreads 4–5 ft wide
- Upright, compact shape

■ **Sun & Soil**

- Full sun to part shade (afternoon shade helps in hot summers)
- Likes well-drained soil
- Keep soil evenly moist, mulch helps

✿■ **Hardy for Knoxville**

- USDA Zones 3–8
- Winters here are no problem

>■ **Care & Pruning**

- Blooms on new wood → prune in late winter or early spring
- Easy to maintain, no fancy care needed

■ Garden Uses

- Hedge, backdrop, or single showpiece
- Strong stems hold up blooms
- Great for cut & dried flowers

■ Tip for Beginners:

- Water well the first year while it's getting established. After that, very low-maintenance!
